

Request for research papers fro the J. Indian Anthropol.Soc.

Dear Colleague

You are aware that the Indian Anthropological Society has been publishing its journal since 1966. This has already registered its presence in the academic world in this country and abroad. The journal is abstracted and indexed in sociological abstract, Royal Anthropological Institute, U.K., NISCAIR, New Delhi, Anthropological Index to Current Periodicals, Indian Documentation Service, Gurgaon, Haryan etc. Now the Society has taken initiation to make it a Peer Reviewed High Impact Journal. Moreover, the Journal is now distributed through professional agency to reach a wider professional and academic world. Soon it will have its own website, the preparation of which is under process.

In view of the above may we request you kindly to consider sending publishable papers based on either empirical data or theoretical contributions at par with any standard journal of the world. The referencing system should be used as per the format of the existing pattern of our journal (see attachment please). The journal follows a double blind peer review.

The contribution by the authors should reach the Editor of the Journal through E-mail or through hard copy and C.D.

With regards,

Yours sincerely,
Dr. Sumahan Bandyopadhyay

Associate Managing Editor
Journal of Indian Anthropological Society
ISSN 0019- 4387
